

SUPERVISED VISITATION PROVIDERS

2016

All providers of supervised visitation **must** operate their programs in compliance with Family Code section 3200 and 3200.5. The code can be reviewed:

- on the Court's website: www.occourts.org select Divisions, Family Court Services, Keeping Kids Safe link, What is Supervised Visitation, then the first link, or
- the external link on the Judicial Council website at:
<http://www.leginfo.ca.gov/cgi-bin/displaycode?section=fam&group=03001-04000&file=3200-3204>

When selecting one of the following supervised visitation monitors it is very important that you, as parents:

- **Be familiar with the Standards of Practice**
- **Use good judgment when selecting any monitor**
- **Consider the value of having the monitor registered on TrustLine or cleared through a criminal background check**
Trustline requires all caregivers listed on its registry to pass a background screening that qualifies them to be a child care provider. All persons listed on TrustLine have been cleared through a fingerprint check of records at the California Dept. of Justice and have no disqualifying criminal convictions or substantiated child abuse reports in California that would prevent them from being a child care provider. As a monitor may be spending some time alone with your child, it is wise to select a monitor that is registered. It is your responsibility as a parent, to verify that the monitor is actually registered by calling 1-800-822-8490. Some agencies have the authority to do their own criminal background screening with the Department of Justice without having to go through TrustLine.
- **Consider using a monitor that carries professional liability insurance that specifically covers supervised visitation; ask to see a copy of their policy.**
- **Understand that a separate intake interview must be conducted with each parent and the children if age appropriate, prior to the first visit. Because of this, the first visit may not occur immediately.**

NON-PROFIT PROVIDER

Note:

- The monitoring agency has signed **an MOU with the court** indicating they are in compliance with Family Code section 3200 and 3200.5. Any other services the programs provide, other than supervised visitation/exchanges is not covered in the MOU.
- These programs are partially funded through the Access to Visitation Grant Program and subcontract with the court to provide services based upon a sliding scale through the Keeping Kids Safe program.
- The service provider is a separate entity with its own governing board and/or operating policies and procedures. **The court is not responsible for the quality of services provided.**

PRIVATE, FOR-PROFIT, PROVIDERS

PLEASE NOTE:

These monitoring agencies **have signed a declaration stating** they will provide supervised visitation according to Family Code section 3200 and 3200.5. Any other services the programs provide, other than supervised visitation/exchange is not covered in this declaration.

Although it is required that these programs be in compliance with the "Standards of Practice," there is no governing body that oversees these programs.

Each service provider is a separate entity with its own governing board and/or operating policies and procedures.

Orange County Superior Court does not monitor, evaluate, or endorse the quality of these providers and is not responsible for the quality of services provided.
