Superior Court of Orange County Wins 2014 Top 10 Court Websites Award

Santa Ana, CA – The Forum on the Advancement of Court Technology (FACT) named the Superior Court of Orange County, www.occourts.org, as a 2014 winner of its annual Top 10 Court Websites Award. The online announcement about the award can be viewed [here](#).

One of the FACT judges commented, “The site does a great job of presenting a lot of information in a manner that is attractive and accessible.” Another of the judges said, “Quick links to ‘Find Information For...’ and ‘How Do I...’ are nicely done! This website is very well done and user friendly.”

The Court’s Chief Information Officer, Brett Howard, said about receiving this honor, “We are proud of the site and the services it offers to the public. Our recent focus on delivering a mobile friendly website now provides the public with easy access to our online content from any mobile device.”

Founded in 1989, FACT is a consortium of private sector companies and court representatives dedicated to strengthening communications between courts and providers of technology. FACT’s mission is to “improve the quality of justice through communication between those who develop and provide technology products and those who manage courts.”
